Dear Parent/Carer,

Pyjamas & Slippers Day Friday, 29th of June

We were delighted to receive a new scooter pod for achieving the Director of Public Health Award but we now wish to continue fundraising in order to add a second scooter pod and some equipment to make playtimes more active. Staying fit and healthy is important to everyone's health and travelling to school by foot, scooter or bike is a great way to exercise. We want to encourage our children to be active when travelling to school and we would like to provide a safe place for scooters to be housed for the duration of the school day.

The Champions for Change have come up with the fun idea of hosting a 'Wear Your Pyjamas and Slippers to School' day. Children are encouraged to come to school in their pyjamas – please be mindful that onesies may not be suitable with the hotter weather we are experiencing. Trainers or school shoes can be worn to school and slippers can be brought in a spare bag. Children can change into their slippers when they arrive at school – slippers inside and trainers outside.

In return for the novelty of wearing their pyjamas and slippers, we ask that children bring a **donation of £1**. We would like to take this opportunity to thank our parents for their continued support.

Yours sincerely,

Mrs Forster & the Champions for Change Team
